Summary

“To secure a challenging and responsible position in a well-reputed organization where I can efficiently contribute my skills and work effectively and actively for the goodwill of the company”

Experience

Software Developer Intern

Thinksense.ai • Vadodara, Gujrat
12/2021 - Present

Worked with senior developer to develop software called METADATA AGENT and also APRAI website.

Testing Metadata agent on daily basis.

Project

- **Attendance Management Portal:**

Develop the Attendance portal in which the system communicates with the database residing on a remote server. It calculates automatically, the attendance percentage of students without any manual paper-based work. The system facilitates the end-users with interactive design and automated processing of attendance management.

- **BlogBook:**

In Blog Book, Admin can manage the blog posts, which were posted by the users. Admin can manage all the categories, tags, posts, approve the pending posts, author's data, subscribers, offers, etc. The author can publish their Blogs in this System according to different Categories and Tags.

- **Weddingdiaries:**

Web Application will allow a new user to register and after successfully registration user can get email confirmation, after completing registration users profile will be visible to other users. Bride/Groom can directly search Partner according to their required criteria. The Bride/Groom can use match By Email functionality so he/she can get directly E-mail alert for the match which fulfil their required criteria.
